

1 and if you do not expect to have need of the ticket,
2 it would be a great convenience if you would advise Mr.
3 Martineau's office.

4 In that way if there are some delegates who would
5 like to have more than one, and we could reallocate tickets
6 of delegates who do not want them.

7 Without word from the delegate, Mr. Martineau
8 has been instructed not to reallocate a ticket assigned to
9 any one delegate until noon on Wednesday.

10 So if you are not going to use it, please let
11 someone in his office know.

12 The clerk has asked me to announce that there
13 are a number of volumes of the Annotated Code belonging
14 to the set in his office which are missing. They are un-
15 doubtedly in one of the desks or borrowed. So as you go
16 through your things, will you please look for them -
17 Volumes 2, 3, 4, 5, 6, 9, and the supplement to volume 7.
18 It is very expensive to replace individual volumes like
19 this, and we would greatly appreciate it if you would make
20 the effort to search and see if you have them anywhere,
21 and see that they are returned.
